SUMMARY

I'm a MERN Stack Web Developer building the Front-end of Websites and Web Applications that leads to the success of the overall product. Check out some of my work in the projects section. I also like sharing content related to the stuff that I have learned over the years in Web Development so it can help other people in the Dev Community. Feel free to connect or follow me on my Linkedin where I post useful content related to Web Development and Programming.

PROJECTS

Buy&Sell
Used Camera and Camera Accessories Selling and Buying App
- **Live link**   - **Client-side link**   - **Server-side link**

Key features in this app:
- This website has a home page with some relevant components like a slider to show our service and a product category and also advertise items and how it works item.
- This website has a blog page with some articles.
- Like all other websites, this website has a dashboard with three different users like admin, buyer and seller.

Technologies:
✓ react ✓ axios ✓ firebase ✓ stripe ✓ react-loader-spinner ✓ react-hot-toast ✓ react-hook-form ✓ primereact ✓ react-icons ✓ tanstact-query ✓ react-router ✓ tailwind CSS ✓ cors ✓ dotenv ✓ express ✓ jsonwebtoken ✓ mongodb

About You Photography
This app will provide the relevant service for a photographer.
- **Live link**   - **Client-side link**   - **Server-side link**

Key features in this app:
- This website has a home page with some relevant components like a slider to show our service and display recent works
- This website has a blog page with some articles.
- Like all other websites, this website has a dashboard.

Technologies:
✓ react ✓ firebase ✓ pure-react-carousel ✓ react-photo-view ✓ sweetalert2 ✓ react-loader-spinner ✓ react-hot-toast ✓ react-icons ✓ tanstact-query ✓ react-router ✓ tailwind CSS ✓ cors ✓ dotenv ✓ express ✓ jsonwebtoken ✓ mongodb

Next Lesson
We made this project to sell some online courses.
- **Live link**   - **Client-side link**   - **Server-side link**

Key features in this app:
- I made a responsive nav bar to navigate my webpage easily. In this nav bar, I also added light and dark mode buttons.
- Then, I made a courses page that will provide all kinds of courses which we have, I also made a course category menu that menu will help to find some specific courses.
- This website has also some pages like, a profile, details courses, check out courses, login, register and reset password page.

Technologies:
✓ react ✓ firebase ✓ react-datepicker ✓ react-loader-spinner ✓ react-to-pdf ✓ react-icons ✓ react-hot-toast ✓ tanstact-query ✓ react-router ✓ tailwind CSS ✓ cors ✓ express
